ReForm - Front Loading

Ideal for corporate, workplace, and higher education settings. ReForm with front loading openings shares the same cabinet as its top loading counterpart.

ReSort

ReSort receptacles offer a modular solution for single or multi-stream collection in all contract interiors. Available in 2 sizes, the rectangular shape allows for individual or multiple groupings suitable for recycling paper, cans, glass, plastic and waste. A hinged door provides easy access to the polyethylene liner, eliminating the need to lift heavy bags. The steel receptacles are available in powder coated finishes.

STREAM

Stream is a distinctive recycling wastebasket and tall recycler that is adaptable to any interior style and workplace. Designed to fit comfortably under the desk or on its own, Stream's light scale, visually refined rounded corners, gives an inviting and approachable appearance. The bag retainer is self-evident and easy to use – automatically concealing the bag's foldedover lip. Finished in single color or dual color accent.
