

HealthFirst Cleaning Guidelines

Depending on your facility's cleaning protocol, a micro fiber cloth and disinfectant cleaning solution can be used on painted and stainless surfaces. **Do not use an abrasive cleanser as it will scratch the finish.**

For wood surfaces, clean with a damp cloth using a mild non-ammoniated cleanser. Rinse the cloth thoroughly and dry. **Do not use an abrasive cleanser as it will scratch the finish.**

APPLICABLE TO WALL, MOBILE, AND FREESTANDING HEALTHFIRST MODELS
