

Timo Receptacle Care Guide

COLOR FINISH

For best results, clean the receptacle with a soft cloth and either a general purpose cleaner such as Windex®, or dishwashing soap.

STAINLESS STEEL

For best results, clean the receptacle with water and a soft cloth. If the surface remains soiled, attempt cleaning with a soft cloth and dishwashing soap. Glass cleaners like Windex® are ideal for the removal of fingerprints.

STAINLESS STEEL CLEANING PRODUCTS SHOULD BE USED ONLY WHEN THE ABOVE METHODS HAVE FAILED.

PLEASE NOTE: THE USE OF ABRASIVE CLEANERS WILL RESULT IN DAMAGE.
